CAUTIOUSLY ALONG.
HE HEARS THE CHARACTERIS-
TIC COUGHING ROAR. HE
MOVES CURIOUSLY TO-
WARDS IT.

NOW DEAFENING.

DOCTOR WHO COWERS BACK

TECTIVELY IN FRONT OF

SUDDENLY WE HEAR A
STRANGE HIGH PITCHED

ELECTRONIC FLUTING NOISE. THERE IS A SUBDUED ROAR, ALMOST AS IF IN RESPONSE. THE ELECTRONIC NOISE IS REPEATED.

HOLD ON DOCTOR WHO, AS THE SHADOW MOVES AWAY AND WE HEAR THE NOISE OF SOME GREAT CREATURE MOVING AWAY.

AFTER A MOMENT THE DOCTOR CAUTIOUSLY LOWERS HIS ARMS AND OPENS HIS EYES, SOMEWHAT SURPRISED TO FIND HIMSELF STILL ALIVE.

HE LOOKS ROUND AND THEN MOVES SLOWLY AFTER THE CREATURE. BEFORE HIM IS A PATCH OF DAMP ROCK MOIST FROM THE CONDENSATION OF THE WALLS.

DOCTOR WHO LOOKS DOWN AND WE TRACK IN TO WHAT HE SEES - THE PRINT OF A GIANT CLAW)

BAKER: Hey, you there.
Halt or I fire ...

A TUNNEL IN THE CAVES
STRETCHING INTO THE
DISTANCE, WITH A GLEAM
OF LIGHT IN THE DISTANCE
INDICATING THAT IT LEADS
TO THE SURFACE. SOME
WAY DOWN THE TUNNEL WE
CATCH A GLIMPSE OF A
SILURIAN.

(Note: This is an
intelligent man-like
creature - NOT the
dinosaur like monster
that attacked SPENCER,
DAVIS and the DOCTOR
in Episode 1.)

ALL WE SEE OF THE
SILURIAN IS A DISTANT
FIGURE WHICH MIGHT WELL
BE HUMAN.

A QUICK GLIMPSE OF
THE DISTANT SILURIAN.
IT SEEMS TO RAISE ITS
HAND IN A GESTURE THAT
BAKER INTERPRETS AS
THREATENING)

THERE IS A ROAR. A GIANT
SHADOW LOOMS OVER HIM -

PARTY ARE LOOKING FOR
BAKER NOT SURE WHICH
DIRECTION TO TAKE ...

- 16 -

THEY HEAR THE SCREAMING
AND THEN OVER IT ...
THE STRANGE HIGH-PITCHED
ELECTRONIC SOUND.

PARTY RUSH UP AND
FIND HAWKINS KNEELING
BY BAKER'S CRUMPLED
BODY.

DOCTOR WHO PUSHES
HIS WAY TO THE FRONT
OF THE GROUP.

BAKER STIRS, TRIES TO
SIT UP, HIS HEAD IS
BLEEDING)

DOCTOR WHO: ...
... Take it easy.

BRIGADIER: (URGENTLY) What
happened?

HAWKINS: No idea sir. Found him
like this when we got here.

BAKER: (WITH DIFFICULTY) Saw
someone down there ...

(HE INDICATES THE
TUNNEL WHERE HE SAW
THE SILURIAN)

Fired over his head - think I hit
him ... ricochet ...

BRIGADIER: Did he attack you?

(BAKER REACTS IN HORROR
AT THE MEMORY)

BAKER: No ... something else ...
bullets wouldn't stop it ...

(BAKER STRUGGLES WILDLY
AND BECOMES INCOHERENT)

BRIGADIER: (TO A SOLDIER) Get
the first-aid kit. Give him a
shot of morphine. And rig up a
stretcher ... we'd better get him
back to the Centre.

(ONE OF THE UNIT SOLDIERS
STARTS ATTENDING TO
BAKER)

(TO HAWKINS) Take a look up there
will you - and be careful.

HAWKINS: Right, sir ...

(HOLD ON DOCTOR WHO
AND THE BRIGADIER AS
HAWKINS GOES TO EXPLORE
THE TUNNEL.

DOCTOR WHO PICKS UP
BAKER'S RIFLE AND
LOOKS AT IT. IT IS
TWISTED AND MINGLED)

BRIGADIER: What do you make of it
Doctor?

DOCTOR WHO: (THOUGHTFULLY) Baker
shot at something he thought was
a man ... then something else ...
attacked Baker.

BRIGADIER: The same thing that
attacked you?

DOCTOR WHO: It's very likely -
isn't it?

HAWKINS: (.VO.) Something here, sir.

16. INT. CAVES. DAY.

(Studio set with colour
separation overlay backing)

(A DIFFERENT PART OF
THE CAVES.

CUT TO HAWKINS EXAMINING
THE ROCKS AND THE
BRIGADIER AND DOCTOR
HO COME UP)

HAWKINS: Ricochet marks on the
rocks sir ... and traces of blood ...
spots leading this way ...

(HE POINTS DOWN THE
TUNNEL. ELGERLY THE
DOCTOR EXAMINES THE
BLOOD STAINS. HE
PRODUCES A CONTAINER
AND A SPATULA FROM
HIS POCKET AND THEN
CAREFULLY SCRAPES UP
A SAMPLE FOR ANALYSIS)

BRIGADIER: I think we'd better
take a look Doctor!

(DOCTOR WHO HESITATES,
OBVIOUSLY TEMPTED)

DOCTOR WHO: (RELUCTANTLY) No ...
I think I'd better get back to the
Centre. I need to get a laboratory.
I can help to carry Baker.

BRIGADIER: You there - give the
Doctor a hand.

(ONE OF THE UNIT SOLDIERS
HELPS THE DOCTOR TO CARRY
OFF BAKER. THE BRIGADIER
AND THE REST OF THE UNIT
MEN PREPARE TO FOLLOW THE
CREATURE)

DOCTOR: You'll be very careful
won't you. You don't really
- 19 - knew what you're chasing!

TELECINE 2: (22")

Ext. Hillside. Day.

A tiny outlet from the caves. Little more than just a hole in the ground. We hear the sound of a harsh whistling breathing - almost a hissing sound.

We get a brief glimpse of a scaly almost human hand, as the creature pulls itself out of its hole.

We CUT TO the Silurian's POV. It surveys the bleak moorland before it.

From the tunnel behind the SILURIAN comes the sound of distant movement and voices from the pursuing UNIT PARTY.

Keeping the Silurian's POV. We MOVE QUICKLY (using hand-held camera) across the moorland and into the cover of some bushes.

Ext. Country. Day.

searching.

CUT TO helicopter's
P.O.V. of the country-
side.

CUT TO SOLDIERS
searching through the
moors on foot, with
the helicopter (or it's
sound) in the back-
ground.

HAWKINS is watching search,
standing on a rise.

HAWKINS: Watchdog to Windmill 123.
How do you read me.

HELICOPTER VOICE: Loud and clear, sir.
Have searched Area 1. No sign of
anything. Am commencing Area 2. Over.

HAWKINS: Roger. Windmill 123. Over
and out.

POLICEMEN with dogs are
helping with the search.

TELECINE: (cont)

Int. Barn. Day.

LIZ is now on her feet. DOCTOR WHO, BRIGADIER and QUINN are looking at a map.

QUINN: I'm sorry I can't be more help. There's a lot of wild country round here.

BRIGADIER: Thanks anyway. We'll cover the whole area in time.

QUINN: I really must be getting back to the centre.

With edge.

DOCTOR WHO: I wonder if you could give Miss Shaw a lift back there.

QUINN: I'm sorry I can't.

DOCTOR WHO: Oh, I thought you were going straight back there.

QUINN: I'm going to the garage in the village first. Something wrong with my car. It might take some time ...

BRIGADIER: Not to worry. I'll send her back in a police car.

MB

- 49 -

QUINN: Well I'll get along then.
Excuse me.

QUINN exits hurriedly.

BRIGADIER: Yes, well, I'll get on
~~with that.~~

BRIGADIER exits.

LIZ: Doctor, look at this map.
Dr Quinn's cottage is here. And
the village is (POINTING) here ...

DOCTOR WHO: Well, my dear?

LIZ: This farm is miles out of
his way.

LIZ and DOCTOR WHO
look at each other,
puzzled.

Ext. Country. Day.

Quinn's car comes along
a track, stops. QUINN
alights, goes up a
little gradient, looks
about. QUINN takes
from his pocket the
calling device, operates
some controls on it, and
it emits a regular high
pitched electronic noise ...
the noise we have
previously heard in the caves.

CUT TO the helicopter
flying along.

CUT TO the helicopter's
P.O.V. of QUINN standing on
the brow of a hill, his
car parked on a nearby
track.

CUT TO the helicopter
making a turn.

CUT TO QUINN standing
using the calling device,
as the helicopter
approaches.

QUINN pockets the homing device, waves to the helicopter and goes back to his car. He gets into his car and drives away.

QUINN TO the helicopter flying away.

QUINN TO D O O WH and the MAJOR DIET coming along in a UNIT jeep. They pull up by HAWKINS who is talking into his intercom.

HAWKINS: Watch Dog to Windmill 123. Message understood. Roger out.

MAJOR: Any luck?

HAWKINS: (CLOCKING TO CHIEF) I'm not sure sir. Helicopter reports seeing a man standing by his car in North West Sector of Area 2, sir.

MAJOR: Well?

HAWKINS: Apparently the man waved and drove off.

MAJOR: Probably a ... potholer.

HAWKINS: Yes sir, but there's something else.....

MAJOR: Yes?

HAWKINS: A few moments ago I thought I heard a funny sort of noise.

MAJOR: What sort of noise?

HAWKINS: Like we heard in the caves sir.

DOCTOR: What direction did it come from?

The DOCTOR and MAJOR DIET exchange glances. Then the MAJOR DIET drives off fast in the direction indicated.

HAWKINS: It also came from North West Sector 2 sir.

CUT TO QUINN's car as it stops. QUINN alights, and produces and activates the homing device. It emits its sound.

CUT TO thick bush, and the sound of heavy SILURIAN panting. By subjective camera, and with increased panting, we start to push through the bush, occasionally seeing a SILURIAN hand pushing away branches, etc. In the distance we can hear the homing device.

CUT TO DOCTOR WHO and BRIGADIER in the Unit Jeep racing across rough country.

CUT TO QUINN standing near his car, by some bush, using the homing device.

CUT TO the subjective camera pushing through the bush, the sound of the homing device much louder (closer to hand) now. We continue pushing through the bush until we can see QUINN. QUINN turns - and we hold on his horrified reaction as he sees the SILURIAN.

CUT TO DOCTOR WHO and BRIGADIER in the Unit Jeep as they stop.

BRIGADIER: That sound - it's stopped.

DOCTOR: I'm sure it came from over there - let's go and have a look.

DOCTOR WHO and the BRIGADIER drive off.

TELECINE CONT:

CUT to the DOCTOR and the BRIGADIER arriving at the point where we last saw Quinn. They alight.

BRIGADIER: Look!

The DOCTOR indicates Silurian footprints on the ground, and the BRIGADIER looks.

Look at these.

BRIGADIER: / Is that the same as the footprint you saw in the cave?

DOCTOR WHO: No. This is smaller. These are the footprints of a biped.

The BRIGADIER draws his gun.

BRIGADIER: Then the thing can't be very far from here.

The DOCTOR ignores this, and continues to follow the footprints.

DOCTOR: They stop here. And look at this.

BRIGADIER: Car tracks.

DOCTOR WHO: (ALMOST TO HIMSELF)
Anyone bringing a car here would be going miles out of his way ...

BRIGADIER: What?

DOCTOR WHO: Nothing. Just a thought.

BRIGADIER: I'll get the men.

The BRIGADIER produces
his pocket radio, speaks
into it.

BRIGADIER: (INTO RADIO) Unit
Commander to all sections. All
parties will converge on the
south-east sector. I repeat,
all parties to converge on SE
sector- area 3. Over and out.
